On Via Randaccio, in the immediate vicinity of the Arco della Pace and Sempione Park, in one of the most sought-after areas of Milan, we offer for sale a prestigious apartment located in an elegant period building.

The apartment stands out for its spacious, bright rooms and 3.50-meter-high ceilings. The large entrance hall leads to a spacious triple living room, enhanced by an additional bright bow window that creates a wonderful living area.

The sleeping area includes three large bedrooms, one with a balcony, and two bathrooms, one with a window. The eat-in kitchen with pantry, a guest bedroom, and a guest bathroom complete the layout.

Located on the first floor, the apartment enjoys considerable brightness thanks to its triple exposure, one of which benefits from the sunset light.

The renovation was carried out with care to preserve the original features of the building. The apartment has central heating, split-unit air conditioning, and an alarm system.

The property includes a convenient garage located in the same building, available at a separate price.

The location is particularly attractive due to its proximity to Sempione Park and the proximity to schools of all levels. Public transportation allows you to reach the city center and the metro stations in just a few minutes. The surrounding streets also offer shops and local services.
